

**Prerequisites  
Software ( Python 3.6.5 )**

<b>Team ID</b>	<b>PNT2022TMID17080</b>
<b>Project Name</b>	<b>Project - Signs with smart connectivity for Better road safety</b>
<b>Maximum Marks</b>	<b>4 Marks</b>

**Signs with smart connectivity for Better road safety**

A screenshot of the IDLE Shell 3.11.0 Python interpreter window. The window has a title bar with the text "IDLE Shell 3.11.0" and standard window controls (minimize, maximize, close). Below the title bar is a menu bar with the following items: File, Edit, Shell, Debug, Options, Window, and Help. The main area of the window is a text editor showing the Python 3.11.0 shell prompt. The text displayed is: Python 3.11.0 (main, Oct 24 2022, 18:26:48) [MSC v.1933 64 bit (AMD64)] on win32. Type "help", "copyright", "credits" or "license()" for more information. The prompt is represented by two red greater-than signs followed by a vertical bar: >>>|. A light blue "Window Snip" button is visible in the center of the window. At the bottom right corner, the status bar shows "Ln: 3 Col: 0".
